

## Polyclonal Sheep anti Human Cysteine Conjugate $\beta$ -Lyase/CCBL1

### ORDERING INFORMATION

Catalog Number:	hAP-5121
Size:	50 $\mu$ g
Storage:	< -20 °C
Immunogen:	S. frugiperda insect ovarian cell line Sf 21-derived recombinant human Cysteine Conjugate $\beta$ -Lyase/CCBL1
Ig Type:	IgG
Purification:	Antigen Affinity Purified
Applications:	WB

### **Preparation:**

This antibody was produced from a sheep immunized with purified human Cysteine Conjugate  $\beta$ -Lyase/CCBL1 protein.

### **Formulation and Storage:**

The IgG fraction of immunized serum was purified by antigen affinity chromatography and lyophilized from a 0.2  $\mu$ m filtered solution in phosphate-buffered saline (PBS). Lyophilized samples are stable for 2 years from date of receipt when stored at -70°C.

### **Reconstitution:**

Reconstitute the antibody with 100  $\mu$ l sterile PBS and the final concentration is 500 $\mu$ g/ml. Reconstituted antibody can also be aliquoted and stored frozen at < -20 °C for at least for six months without detectable loss of activity. **Avoid repeated freeze-thaw cycles.**

### **Specificity:**

Detects endogenous human Cysteine Conjugate  $\beta$ -Lyase/CCBL1 in direct ELISAs and Western blots. Less than 1% cross reactivity. Cross reactivity to other species has not been tested!

### **Applications:**

WB	Yes	1 : 1000 - 2000
----	-----	-----------------

*Optimal dilutions should be determined by each laboratory for each application.*

The listed dilutions are for recommendation only and the final conditions should be optimized by the ender users!

**This product is sold for Research Use Only !**
