

# Polyclonal Sheep anti Mouse Carbohydrate Sulfotransferase 7 / CHST7

## ORDERING INFORMATION

Catalog Number:	mAP-5054
Size:	50 µg
Storage:	< -20 °C
Immunogen:	Chinese hamster ovary cell line CHO-derived recombinant mouse CHST7
Ig Type:	IgG
Purification:	Antigen Affinity Purified
Applications:	WB IHC

### ***Preparation:***

This antibody was produced from a sheep immunized with purified mouse Carbohydrate Sulfotransferase 7 / CHST7 protein.

### ***Formulation and Storage:***

The IgG fraction of immunized serum was purified by antigen affinity chromatography and lyophilized from a 0.2 µm filtered solution in phosphate-buffered saline (PBS). Lyophilized samples are stable for 2 years from date of receipt when stored at -70°C.

### ***Reconstitution:***

Reconstitute the antibody with 100 µl sterile PBS and the final concentration is 500µg/ml. Reconstituted antibody can also be aliquoted and stored frozen at < -20 °C for at least for six months without detectable loss of activity. **Avoid repeated freeze-thaw cycles.**

### ***Specificity:***

Detects mouse Sulfotransferase 7/CHST7 in direct ELISAs and Western blots. In direct ELISA, less than 1% cross-reactivity with recombinant mouse (rm) CHST1, recombinant human CHST2, rmCHST5, and rmCHST3 is observed.

### ***Applications:***

WB	Yes	1 : 1000 - 2000
IP	Yes	1 : 200

*Optimal dilutions should be determined by each laboratory for each application.*

The listed dilutions are for recommendation only and the final conditions should be optimized by the end users!
