

Polyclonal Sheep anti Mouse ARSG

ORDERING INFORMATION

Catalog Number:	mAP-5024
Size:	50 µg
Storage:	< -20 °C
Immunogen:	Chinese hamster ovary cell line CHO-derived recombinant mouse Arylsulfatase G/ARSG.
Ig Type:	IgG
Purification:	Antigen Affinity Purified
Applications:	WB IP

Preparation:

This antibody was produced from a sheep immunized with purified mouse ARSG protein.

Formulation and Storage:

The IgG fraction of immunized serum was purified by antigen affinity chromatography and lyophilized from a 0.2 µm filtered solution in phosphate-buffered saline (PBS). Lyophilized samples are stable for 2 years from date of receipt when stored at -70°C.

Reconstitution:

Reconstitute the antibody with 100 µl sterile PBS and the final concentration is 500µg/ml. Reconstituted antibody can also be aliquoted and stored frozen at < -20 °C for at least for six months without detectable loss of activity. **Avoid repeated freeze-thaw cycles.**

Specificity:

Detects mouse Arylsulfatase G/ARSG in direct ELISAs and Western blots. In direct ELISAs and Western blots, less than 2% cross-reactivity with recombinant mouse ARSA, recombinant human (rh) ARSB and rhARSJ is observed.

Applications:

WB	Yes	1 : 1000 - 2000
IP	Yes	1 : 200

Optimal dilutions should be determined by each laboratory for each application.

The listed dilutions are for recommendation only and the final conditions should be optimized by the ender users!
